FINANCIAL SOLUTIONS FOR EMPLOYERS

About Mapping Your Future Financial Solutions and Money Management International

Mapping Your Future Financial Solutions is a member of the Money Management International family of services.

MMI is the largest nonprofit, full-service credit counseling organization in the nation. Our success is measured by the number of people who, due to our help, successfully regain control of their financial lives and achieve their goals.

Your employees are critical to the success of your company.

An investment in the financial wellness of your employees enhances job satisfaction and productivity.

Mapping Your Future Financial Solutions is a highly customizable offering designed to help your employees overcome setbacks, reach goals, and confidently take control of their personal finances.

Financial wellness programs have proven to be an effective way to help keep employees and consumers positive, engaged, and financially responsible.

Organizational Benefits of Financial Wellness

- Reduced healthcare costs
- Increased productivity
- Improved morale
- Reduced turnover
- Reduced impact from individual financial setbacks
- Reduced administrative burden due to wage garnishment and retirement plan loans

Mapping Your Future Financial Solutions includes:

Unparalleled Experience

Mapping Your Future Financial Solutions, powered by Money Management International (MMI), is backed by nearly 60 years of experience in the financial education field.

One-on-One Counseling

Personal and confidential counseling sessions are available in English and Spanish, 24 hours a day, 7 days a week.

Comprehensive Counseling Expertise

Our broad range of counseling services goes beyond debt and budget counseling, and includes housing and student loan counseling, credit report and score reviews, and more.

Personalized Content and Interactive Tools

Employees have access to a mobile-friendly website, branded with your company logo and filled with engaging, comprehensive educational content.

Your company can customize content to meet the specific financial education needs of your employees.

Partnership Support

A dedicated program coordinator, along with an implementation and support team, will help ensure that your company maximizes employee engagement and success.

Money-Saving Debt Management Plans

When appropriate, counselors may recommend a Debt Management Plan (DMP). MMI credit counselors work with creditors on behalf of your employees to lower interest rates, reduce monthly payments, waive late fees, and consolidate debts into one convenient payment.

Engaging Communications

Employees receive important tips, reminders and other valuable content in a mobile-friendly newsletter. Your employees can also access hundreds of articles in the online library.

Skilled Educators and Trainers

Educational seminars and webinars can be provided directly to your employees, while train-the-trainer courses and professionally produced resources complement and reinforce your existing financial education efforts.

Measurable Results

Mapping Your Future Financial Solutions produces comprehensive usage reports, measuring employee engagement in both online and one-on-one counseling resources.
